

Modern Hydraulic Technology

division of Newark Special Technology, Inc.

4000 ton BLISS [Stock Number 6457]

Stroke	16"
Shut height	40"
Bed area	106" L-R x 48" F-B
Air clutch	
SPM	48
Electrics	460 volts, 3 phase, 60 cycles

Approximate dimensions: Footprint: 19'6" F-B x 21'6" L-R x 30' above ground x 6'9" below ground.

Note:

Press was built by Bliss in 1972 to Ladish design (looks like an Ajax). Frame is larger than a standard 4000 ton press and in good condition. Rated 4000 tons but will do up to 6000 ton work on occasion. Press was sold and put in service 1995 and shut down in 1999.
